NORTHWEST CROSSING

NOTES FROM THE PRESIDENT'S DESK

I hope everyone has avoided “the bug” and is doing well. Following government guidelines, NWC has started to get back to normal one step at a time. We have been able to reopen the Weybridge on-site office with additional safety protocols required by patrons (masks, distancing, etc.). Visit nwchoa.org and our Facebook page @NWCSATX for hours and more details.

We are working with various government agencies to understand the evolving steps and conditions to try to open the pools. Limiting occupancy, social distancing, restroom and furniture use, and sanitizing are all part of the use requirements. Again, check our online sources for up-to-date information.

Playground and exercise equipment are still off limits, but we hope to see changes there in the coming weeks.

We have completed the last of the parking lot gate installations and are continuing the metal fence painting. Landscaping and other maintenance services also continue.

Thank you to the 96% who have taken care of their annual assessments.

We are seeing more non-residents trespassing in our parks, so we are focusing security efforts to enforce ID checks and calling police, as necessary. An NWC resident was recently attacked by a pair of unleashed dogs in Weybridge park while the owner watched. DO NOT allow your animals to run free. Also, as more folks are out walking their dogs PLEASE be courteous and pick up their droppings.

Bexar County is reporting an increase in property crime over the March-April time frame. Vehicle theft increased 11% and burglaries increased 18% over the same time last year. Please be vigilant; secure your property and report suspicious activity.

For several years, we have worked with our friends at District 6 to encourage the City to review the streets, and that has paid off as several of the streets in NWC have been repaved. With the current budget crunch, I expect that to end. The pothole repair crew is still very active, so call 3-1-1 or go online to report any street issues. They have been responding.

Thanks and stay well.

The on-site office is open for extended summer hours.

We continue to encourage residents to stay home if possible, to contact us by phone & email, and make payments online or through the drop box at the on-site office.

HOT TOPICS!

With nearly 4,000 homes in a relatively small area, there is bound to be some conflict between neighbors. This is a place to get accurate and timely information about the neighborhood you live in.

We recognize many people still have concerns about COVID-19, but rather than repeat information printed in our last issue we would like to offer ways residents can do some good *despite* COVID-19.

COVERED WITH COMPASSION

Some of our residents have gotten very good at making face coverings—we've seen some good looking masks out and about! Put your sewing talents to a charitable use if you can and donate face coverings to the City and help them reach their goal of 50,000. They will be distributed to neighbors most in need.

DONATING BLOOD IS A SAFE ACTION.

Don't let our blood supply drop
because of coronavirus.

South Texas Blood & Tissue Center is urgently asking you to continue donating if you are well and healthy. Donations are made by appointment only to allow for social distancing. All Center employees and donors are screened for temperature upon arrival. If donors arrive at the Center without a mask, masks are made available to them.

The San Antonio Food Bank takes pride in fighting hunger, feeding hope in a 16 county service area. The arrival of the Coronavirus has brought a new season of need for many, and the Food Bank is ramping up additional service to meet that additional need. The Food Bank's network of food pantries and mobile food distributions remains fully operational and open to the public for help. Before COVID the Food Bank served 60,000 people a week; now it is feeding twice that many. The need for donations is greater than ever.

Through June 30, all donations will be matched dollar for dollar by the Petco Foundation. The matching grant, up to \$20 thousand dollars, will help ACS maintain its lifesaving work. Local residents can help ACS reach the goal by making a donation online.

When you donate to The COVID-19 Response Fund, you help fund grants to an array of local nonprofits that will work to meet both the most urgent needs and also long term needs of communities disproportionately impacted by the outbreak.

Wendy, NWC On-site Office staff member, has recognized a need within our local healthcare professional community. We want to help and hope you will too! Healthcare workers treating COVID-19 patients often work long shifts, sometimes back-to-back. We want to provide them with personal care items they can keep and use at the hospital. Please donate new, unopened items used for showering, skincare, dental hygiene, and feminine hygiene at the NWC On-site Office now through June 30th. We will deliver them directly to the hospital.

KUDOS KORNER

Thank you to all of our neighbors who have weathered the COVID-19 storms and made the best of a difficult situation...

Thank you to front line workers—medical professionals, grocery store employees, delivery personnel, SAPD, SAFD, and countless others who have not stopped working to help us through the pandemic.

We thank those who have found creative ways to celebrate birthdays, graduations, anniversaries, and other momentous events instead of more traditional gatherings they are used to.

Thank you to the drivers who have been patient and respectful of celebration parades and of pedestrians and cyclists. It is inspiring to see so many of our residents get outside and stay active during the COVID-19 quarantine! Keep up the good habits!

We appreciate your patience as parking lots, exercise, and playground equipment at our parks have been closed, and as we work to get everything safely in order to open the pools.

We are looking for inspiring spotlights for future issues of the NWC HOA eNewsletter.

Do you or your neighbor have an interesting job?

Do you serve in the community or have you observed another giving service?

Has your neighbor overcome seemingly insurmountable obstacles?

How about a good person you think others would like to know more about?

Send us a story!

We proudly salute this year's graduates and their families for making the most of difficult circumstances. We recognize their disappointment in the absence of not only traditional fanfare and celebration surrounding their academic achievements, but also in the canceled social and athletic events that bring grads a sense of closure to their time at school with friends and teachers.

But we also feel hopeful and enthusiastic about the future. These graduates have surely gained strength of character through weathering trying times, pressing on, and ultimately completing the requirements for graduation despite unexpected challenges. We trust they are even more prepared to face and conquer future uncertainty and difficulty.

Congratulations to each of you!

Would you like to receive notifications of what's going on in your neighborhood?

We recommend three ways to stay in the know.

Go to **Nextdoor.com** and register for an account; your address is required. NWC security and SAPD highly recommend you join. *NWC staff and Board members are not admins of Nextdoor.*

We are on Facebook **@NWCSATX**. Follow our page for important announcements from the community.

Please note: Using Nextdoor or Facebook is not a good way to contact NWC on-site office or NWC security.

Email! Send us an email at **nwc@nwchoa.org**. In the subject line type: **Join**. We will add you to our email group. We will not send emails more than once a week.
