# NORTHWEST CROSSING

## NOTES FROM THE PRESIDENT'S DESK

Happy Summer to all! Things at last are starting to get back to normal.

Pools are open and thanks to Deb Roberts, our Northwest Crossing Swim Team is operating this summer. Please register in the new on-line ID system at [NWCrossing.cellbadge.com](http://NWCrossing.cellbadge.com) for access to all our facilities.

THANK YOU!! to the 97% of homeowners who have taken care of the 2021 assessment.

As the weather warms up our lawns are really taking off so please get those mowers going.

Our SAFFE officers and city agencies seem to be keeping an eye out for homeless camps. That vigilance seems to work in keeping them from popping up in our area.

FYI: It appears that the University Health Care System has acquired land between 1604 and Shaenfield road with an eye to build a hospital there. We will keep you informed as details and schedules firm up.

The old marquee message signs at Weybridge and Dover Ridge are having problems and are very limited in their messaging. We will be replacing them with more modern digital signs. We hope to have that completed by the end of summer.

Please welcome our new member to the NWC staff Kayla Clark. She is replacing Wendy Diaz, who has served our community for almost four years. Thank you Wendy! We will miss you!

Have a safe summer everyone!

Ken Pfeiffer  
Board President

## SIGNS

Signs other than For Sale are not allowed except political signs which have a time limit. All political signs should be removed since our elections are over. There are no "runoff" elections for our area.

Scholarship winners will be announced in the next newsletter and individuals will be notified as soon as they are determined.

# HOT TOPICS!

## POOLS ARE OPEN!!!

**NEW!**

Starting in January 2021, Northwest Crossing implemented a new ID Card system. **CellBadge** is a safe security badging application that uses your smart phone as your ID card, replacing the old plastic badge.

If you are ready to get started just follow the steps below:

1. Log into [NWCrossing.cellbadge.com](http://NWCrossing.cellbadge.com)
2. To register, select "Initial Add Request"

and you will receive a PIN number, log in using that PIN and then enter your last name, address, phone number, emergency phone number, and e-mail address.

3. All information will be confirmed and approved by an administrator and you will be sent a confirmation email. For the first year, an administrator will need to add your photo. Please send photos to [nwc@nwchoa.org](mailto:nwc@nwchoa.org) (assign the person's name on pictures!), and attach proof of residence for all adults (18+) in the household.
4. After you receive the "Welcome Message" click the link, the link will take you to another window requesting a phone number (the phone number should be the main registration number for all adults), a code will be sent to the registration number, enter the code to access the final step. Once operational, you will be able to use your smart phone to access pools and tennis courts by clicking in the facility you want to access.

The NWC Dolphins summer swim team will be back in the water for their 35th season. Established in 1985, generations of NWC residents have enjoyed being members of the Dolphin family. After the 2020 season was canceled, we are so excited to welcome returning Dolphins back and thrilled to see so many NEW Dolphins too. This year the team is lead by Head Coach Christian Gowen. Coach Gowen returns to the Dolphins after a few years. He is also the Head Coach of the Taft High School swim program. In the years apart from the Dolphins, Coach Gowen pursued and earned a Masters degree and coached another local summer swim team. His assistant coach, Maddie Clements, is a student at Texas A&M and former Taft swimmer. Coach Gowen also has several swim instructors who are currently Taft swimmers. We are excited to see the growth in our kids' technique under their combined leadership.

Summer swim team allows swimmers of varying experience and ability to practice daily to learn and improve stroke technique and experience competition swimming. It is important to coaches and parents that swimmers are safe and have FUN. Many of our team members began swimming with the Dolphins even before Kindergarten; they come back year after year until they graduate high school

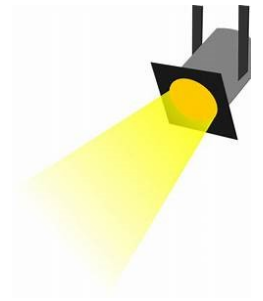

The Dolphins will match up with Great Northwest on June 11th, Hunters Chase on June 17/18th, and Westcreek on July 9th. The summer swim season ends July 16/17th at the NISD Swim Center in a league championship meet.

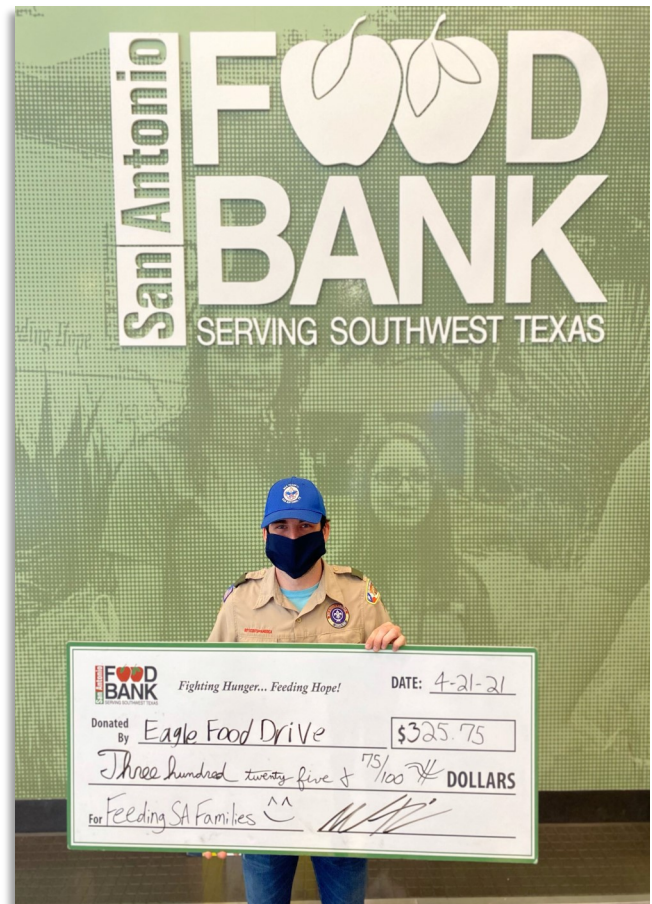

# RESIDENT SPOTLIGHT:

## Michael Harris—Eagle Scout

My name is Michael Harris. I moved to Northwest Crossing in 2008 when I was 5 years old. Growing up in the neighborhood, I attended and volunteered for numerous social events including the neighborhood Easter egg hunt, Halloween and Christmas parties. I also played in the NWC soccer league until I aged out, then I became a referee for the league. As a boy scout of Troop 17, I volunteered in many neighborhood activities to help better the community. Some of these activities included park cleanups, lending libraries, and most recently a food drive. For my Eagle Scout project, I could not think of anything better during these troubling times than to provide for those who were struggling to make ends meet. During this formidable task, I had friends, family, other scouts, and community members come together to aid in this difficult yet rewarding project. Because of the help and support from everyone who donated and volunteered, we were able to raise 1,775 pounds of food and \$325.75 in monetary donations. The money raised for the San Antonio Food Bank will create 2,280 meals in addition to the nearly 1 ton of food donated.

# FIESTA IS BACK!!

June 17th—27th 2021

We celebrate our rich heritage with vibrant parades, food-centric events, and lively local entertainment. We collect medals to show off our San Antonio pride. What started in 1891 as a way to honor the heroes from the Battle of the Alamo has transformed into a way to share in the fun of celebrating our largest city-wide party with a purpose, Fiesta.

## Tips for Your Community:

Coordination of Operation I.D. is a valuable assistance to the resident as well as Law Enforcement. Property cannot be recovered if not properly identified.

All maps and information should be kept up to date.

Chain calling is a necessary function whereby everyone is kept aware of any suspicious happenings in the area. This is done by one neighbor calling another. This way no one person does all the work.

Newsletters are very important. Special events and any crime in the area should be noted.

Social events are a must and should be planned because no program should be all work.

## Residents Duties:

Attend all meetings possible and read the newsletter.

Input from the residents is wanted and needed. This program will not work without knowledge of your needs.

Securing your home and property.

Be alert to all suspicious activity.

Always report! It is better to be safe than sorry.

Always alert your neighbor or captain or both if you are to be away.

Community Crime Watch is a proven crime reduction program. It will only work with your input and ideas. Remember this is a self-help program. Do not expect management and Law Enforcement to do it all.

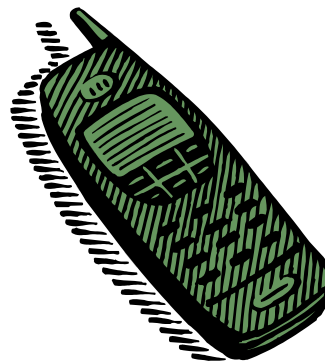

Even though this is a tried and proven program, it is in no way intended to leave you with the idea that should you follow all the guides which you are given you will never be harmed. "NO GUARANTEES ARE SUGGESTED."

# COMMUNITY CRIME WATCH

*Community Watch is designed for multi-family complexes, and condominiums. This is a self-help program. Community Watch was established because of the special needs of multi complex residents. Crime prevention through citizen involvement is the key to this program along with improved security and reporting suspicious activity to the police.*

## COMMUNITY CRIME FACTS

**Burglary of homes and vehicles, thefts, rape and child molestation are crimes of opportunity and can be prevented.**

**Residential burglary is one of the easiest crimes to commit but the hardest to solve. Much time is spent attempting to solve burglaries with few clues, if any.**

**Most residential burglaries are committed by young persons usually under 21 years of age.**

**Many burglaries are committed without any force because doors and windows are left unlocked.**

**The vast majority occur during the daylight hours between 9:00 am and 3:00 pm. The remainder can occur at any time during the day or night. Some burglaries are committed while the residents are at home.**

**Residential burglary has a great potential for injury to the resident when the burglar is surprised inside the house.**

San Antonio Police Department  
Information line  
Phone: 210-207-7169

## COMMUNITY WATCH WORKS

**Through Education of participants the concept of deterrence, delay and direction is given.**

**This self-help program depends on an effective communications system that links to all citizens involved in this program. The three keys to an effective system are the resident building captain, co-captain and the local law enforcement agency.**

**At no time is this program ever meant to put forth the idea that a vigilante group or actions are condoned. No one is asked to take any type of personal risk.**

## PROGRAM DUTIES

**Since awareness and involvement are the keys to a successful program, keeping interest high and continuing the group's crime prevention education must be the primary focus of all participants.**

**Specific duties for building captains and co-captains include:**

**Schedule periodic group meetings (at least every 6 months) and encourage everyone to attend.**

**Act as a liaison between the residents and law enforcement.**

**Invite speakers to address the group who will have displays and films on sexual assault, drugs, molestation of children, crimes against the elderly, Fire Safety and First Aid, as well as many other topics.**

## Citizens on Patrol

By Helen McAndrews, NWC COP Coordinator

The Citizens on Patrol (COP) program began in San Antonio in 1992. The program goals are to train and educate citizens on how to be active in their community, how to report a crime to our San Antonio Police Department (SAPD), and how to be safe and informed.

The COP benefit to you is the opportunity to receive COP skills training. The skills include safety, observation, reporting, and what to report. COP volunteers work with SAPD SAFE officers. After completing the COP class, you will receive a certificate of completion.

For more information go to the SAPD website at: <https://www.sanantonio.gov/SAPD/Cellular-On-Patrol>.

You can also contact me for information on how to Join the NWC COP at my email [helenmcandrews@gmail.com](mailto:helenmcandrews@gmail.com).
